At the Hudson Invitational we run a large school and small school division when handing out team trophies at the end of tournament. Scoring is done exactly the same as in other tournaments, the only change comes when awarding team trophies three go to the top three large schools (6-8 grade student populations of over 400 students) and three to smaller schools (those under 400 students).

Medals + ribbons awarded to the top six in each event regardless of school size.

School size (approximate number of students in grades 6-8): _____
